Long Realty Old Town

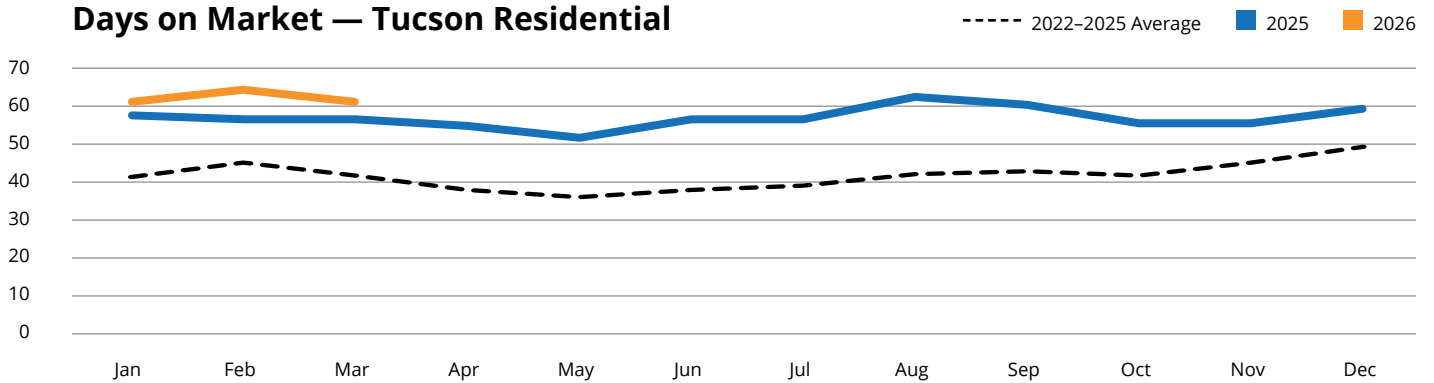

Supply

Inventory improved modestly through 2026 as more sellers listed and Days on Market trended higher. The increased inventory provided buyers broader choice and increased competition for sellers.

Active Residential Inventory — Tucson Metro

Days on Market — Tucson Residential

Demand

Buyer demand tracked in line with Q1 2025 levels, and slightly below the four-year average. Overall, buyer demand followed normal seasonality.

Closed Sales — Tucson Residential

Long Realty Old Town

Pricing

Home sales pricing remained stable and resilient with more balanced market conditions. As reflected in the sales price to original list price ratio, 2026 is seeing price reductions and buyer/seller negotiation.

- Sale Price/Original List Price: **95%**

Median Home Sale Price — Tucson Residential

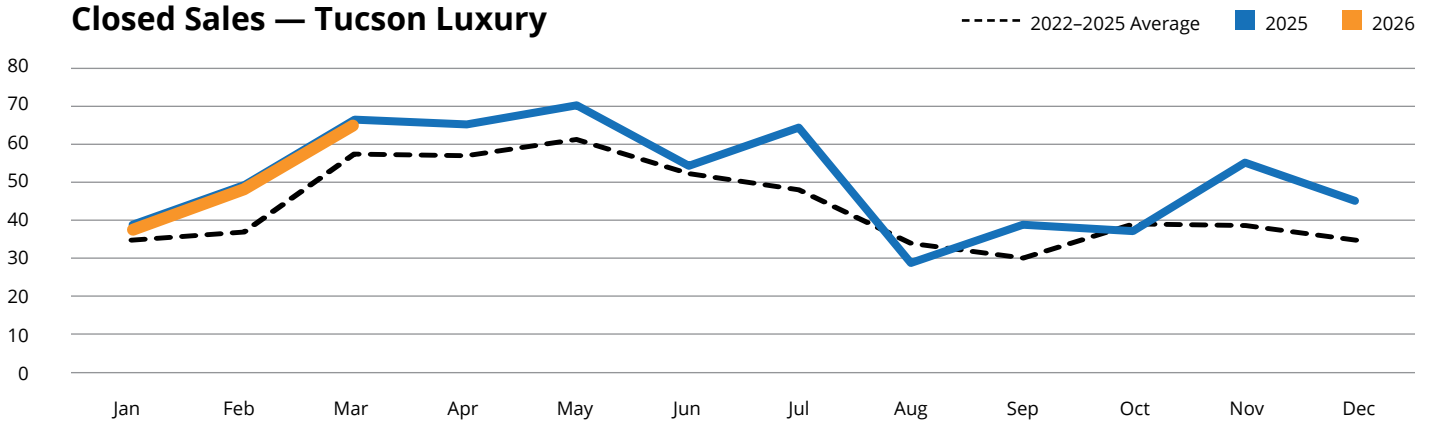

Luxury Segment (\$1Million+)

Luxury activity followed Q1 2025 levels closely, tracking only slightly behind however above the four-year trend. Cash buyers represented a significant portion of transactions, which makes luxury less mortgage rate sensitive.

- Luxury Closed Sales: **-2.6% YoY** ↓
- Luxury New Pended Sales: **-5.6% YoY** ↓↓
- Luxury Active Inventory: **+0.3% YoY** ↑

2026 National Housing Outlook

2026 Market Outlook

The 2026 housing market will be defined by stabilization, increased choice and strong homeowner fundamentals. While affordability remains a challenge, gradual rate easing and rising inventory support a more balanced and predictable year. Buyers should prepare for competition on well-priced homes. Sellers can leverage strong equity positions while pricing wisely to the market, not to the headlines. Expect pricing to see modest gains and the luxury market will continue to see strong demand.
